

GREAT ARTILLERY ACTION MAY MEAN BEGINNING OF GERMAN DRIVE IN THE WEST

Dispatches From London and Paris Indicate Firing is General and Intense Along the Entire Front; in Many Places Hard Fighting Has Taken Place With the Germans Losing in Every Instance; Cannonading is so Great on British Front That Sounds are Distinctly Heard Across Channel.

AMERICANS PLAY THEIR PART IN HOT FIGHTING

The long expected offensive of the Germans on the West front may now be in progress. Associated Press dispatches from London and Paris this afternoon gave indication that the general and intense bombardment which has been launched along almost the entire front may portend the big drive for which Field Marshal von Hindenburg has been preparing for weeks. Not only along the British and French fronts but on the American sector has there been intense artillery activity.

A dispatch from Amsterdam to London quotes Kaiser Wilhelm with telegraphing to the Rhenish provincial council in the following words:

"We are at the decisive moment of the war and one of the greatest moments in German history." So great is the artillery firing that it can be distinctly heard in Dover and other English coast towns.

BRITISH LINES ON WEST FRONT HEAVILY SHELLED

By Associated Press. LONDON, March 21.—The Germans shortly before dawn this morning began a heavy bombardment over a wide section of the British front, it is announced officially. The statement follows:

"A heavy bombardment was opened by the enemy shortly before dawn this morning against our whole front from the neighborhood of Vendouil, south of St. Quentin, to the river Scarpe."

"A successful raid was carried out by us last night in the neighborhood of St. Quentin. Thirteen prisoners and three machine guns were brought back. Prisoners also were taken by us in patrol encounters southeast of Messines, and in another successful raid carried out by us south of Boulogne forest."

The artillery action on the west front could be heard distinctly at Dover and other towns on the east coast of England.

The firing, which was the heaviest that has been heard in this district from such a distance began at 3 o'clock this morning and lasted at brief intervals until 7 A. M.

From Vendouil, north to the river Scarpe is a distance of nearly 50 miles and the beginning by the German artillery of a heavy bombardment along this wide front may mean that preparation for the much advertised German offensive in the west has been begun.

It is of course impossible to say whether the present burst of artillery fire on this front means that it is along the line indicated or somewhere within its limits that the heavy German blow if one indeed is coming is to be struck. There is the consideration that the bombardment in this particular area may be a feint to cover a stroke in an altogether different sector.

FLASHES OF CANNON SEEN ACROSS CHANNEL

At Ramsgate besides the sound of announcing bright flashes were seen a sea while the vibration of the explosion shook the windows and dislodged tiles from the roofs.

INTENSE BOMBARDMENT ON FRENCH FRONT BEGUN

PARIS, March 21.—There has been an intense and sustained bombardment of the sectors north and south of Rheims as well as on the champagne front, the war office announced today.

Between Courtenieres wood and Beaulieu, on the Verdun front, the Germans were driven back in violent and to hand fighting. In Lorraine the Germans suffered complete defeat in the region of omey, sustaining heavy losses without obtaining any success.

OEUVRE DISTRICT ALSO HEAVILY ATTACKED

PARIS, March 21.—A strong attack as made today by the Germans against French positions in the oeuvre, the war office announced at after spirited fighting the enemy as driven back.

2ST OF WAR REACHES ASTONISHING TOTALS.

AMSTERDAM, March 21.—A war edit of 15,000,000,000 marks was out before the reeling today for reading. Count von Roeder, secretary of the Imperial treasury said Germany's monthly war cost had increased from 2,000,000,000 marks in a winter of 1915 and 1916 to 3,750,000,000 in the last five months owing to the increased supply of necessities of war. The secretary gave the total cost of the war as 550,000,000,000 marks of which he said the Entente had expended 370,000,000,000.

LANCIS PLEADS WITH RUSSIANS TO RESIST.

MOSCOW, March 21.—Russia will ultimately become a German province if Russians will lose their liberty if they submit to the peace forced by Central Powers, David R. Francis, American ambassador, declared a statement to the Russian people used from the American embassy at

SPECIAL VENIRE THIRD GONE; JURY REMAINS AT SIX

Indications Point Today to Second Special Panel in Lindley Case.

NO TESTIMONY THIS WEEK

Delays in Securing Twelve Men to Hear Evidence Likely to Result in the Real Opening Being Put Off Until Monday; Hard Fight Ahead.

With a third of the special venire of 75 men called in the Lindley murder case exhausted not a single additional juror had been secured up to noon today. At that hour the prospects were that it would be necessary to summon another venire for tomorrow morning. The outlook is that the taking of evidence in the trial may not begin before next week.

Conscientious scruples against the death penalty formed the leading cause for challenge of jurors called during the morning.

C. R. Smith of Uniontown was challenged because he said he could not bring in a verdict that would mean death to a fellowman. Max G. Rush of Uniontown was opposed to capital punishment and was excused.

Acquaintance of Solomon Miller of Upper Tyrone township with counsel in the case was considered cause for a challenge. L. D. Craft of Uniontown pleaded conscientious scruples and was excused.

M. R. Gregg of Uniontown said he had read a lot about the case and had formed his opinion as to the guilt or innocence of the defendant.

Joseph McDowell of Uniontown was not accepted because of opposition to the death penalty.

Physical disability was the cause for the rejection of John Close of Uniontown.

WATCH M'CORMICK CASE

Uniontown More Interested in It Than in Lindley Murder Trial.

While the Lindley murder trial is attracting a lot of attention in Uniontown it stands second to the trial of Mout McCormick who is charged with shooting and attempting to kill George Adams in a Uniontown hotel lobby the evening of February 1.

A sensation was sprung in the trial this morning by introduction by one of the leading crooks of the country asking M'Cormick if he might bring his "quartet" to Uniontown. "I am in need," the message said.

During the opening yesterday of the case Judge E. H. Ruppert informed the jurors that they would be kept together until they had rendered a verdict. "I am not establishing any precedent," the court said, "but there is not going to be any scandal concerning this case if I can prevent it."

MUST FILE AFFIDAVITS

Rule Issued Affecting Deferred Classification for Farm Help.

WASHINGTON, March 21.—Farmers seeking to have their help given deferred classification in the draft must file affidavits with local draft boards in the Department of Labor, announced. Attention is called to the fact that the boards have no authority to give deferred classification otherwise.

"If farmers whose hands are affected in this new call fail to file affidavits they should have no cause for complaint if their men are taken from them at this critical time," the statement says. "It will be useless to protest later."

HUNDREDS SEE TRACTORS

Six Machines Entered in Demonstration Near Uniontown.

Between 1,200 and 1,500 farmers from all parts of the county gathered at the William Thompson farm near Uniontown yesterday and witnessed practical demonstration of the value of the modern tractor in farm work. Demonstrations were given by six machines. The test was arranged by the Fayette County Farm Bureau.

SUPERVISOR NAMED

Cumberland Man Represents Fuel Administration in Indian Creek.

His supervision extends to all operations tributary to the Baltimore and Ohio and Western Maryland railroads in that territory.

Returned to Camp Hancock.

James A. Darr, a member of the 110th Regiment Hospital Corps who has been spending a furlough at the home of his parents, Mr. and Mrs. J. S. Darr of South Pittsburgh street returned to camp this morning. Darr is in training at Camp Hancock, Ga.

Forest Fires Rage.

Forest fires yesterday burned over 50 to 60 acres near Fairchance causing a loss of many hundreds of dollars to young timber. Another fire in the vicinity of Conowingo burned over about an equal area.

TAX SLACKERS WILL BE PROSECUTED SAME AS DRAFT SLACKERS

Large Drag Net Organized to Round Up Those Who Fail to Make Income Returns by April 1.

WASHINGTON, March 21.—"Tax slackers will be prosecuted as vigorously and relentlessly under the war revenue act as draft slackers were prosecuted under the selective service act. The aid of all good citizens is invoked in bringing to justice the man who deliberately seeks to evade his just share of the war burden."

This was the statement of Commissioner of Internal Revenue, Daniel C. Roper. With only 10 days left in which to file income tax returns, he has practically completed the organization of a huge drag net for bringing into camp all persons who fail to file their returns by April 1. Revenue officers in every section of the country are checking up returns with a view to beginning prosecutions against tax dodgers. The word has gone forth that such offenders need expect no leniency.

"Through its educational campaign the Bureau of Internal Revenue has endeavored to cover the field so thoroughly that ignorance of the law cannot be consistently offered as an excuse," said Commissioner Roper today. "The press, the four minute men, the state and county councils of national defense, the field force of the Department of Agriculture and other government departments, banks, post offices and hundreds of volunteer agencies have cooperated in bringing home to the taxpayer his duty."

"The man who failed to register under the selective service act was regarded by the War Department as a slacker and prosecuted as such. The man who fails to file his income tax will be regarded as a money slacker, and when discovered, as he will be, he will be made to suffer full penalties of the law."

GERMAN DESTROYERS ARE SUNK IN FIGHT WITH ALLIED FORCE

British and French Battleships Send Four Enemy Boats to Bottom of Ocean.

LONDON, March 22.—Two enemy destroyers and two enemy torpedo boats have been sunk by a force of five British and French destroyers the Admiralty announced. The engagement occurred off Dunkirk this morning. The British casualties were slight. There were no French casualties.

The announcement follows: "Vice Admiral Deane reports that an action occurred off Dunkirk between 4 and 5 o'clock this morning. Two British and three French destroyers were engaged with a force of German destroyers which had previously bombarded Dunkirk for ten minutes. Survivors have been picked up from two enemy torpedo boats."

"One British destroyer was damaged but reached harbor. The British casualties were slight. There were no French casualties."

LECTURE ON WAR

Rev. Buckner to Tell of the British People in the Struggle.

Rev. George W. Buckner, pastor of the Christian church, will deliver a lecture Friday evening, March 29, in the church on "The British and the World War" for the benefit of the soldiers' and sailors' fund of the Christian Endeavor society of the church. The society is attempting to keep in touch with all members of the congregation who have answered the call to the colors and provide them with various articles.

The lecture will be of interest to the public in general. Rev. Buckner spent six years in England, more than three of this time during the course of the war.

RICE IS HOST.

BY-PRODUCT GAS

To be Manufactured at Plant of Hope Natural Gas Company in N. Y.

The Hope Natural Gas company, from which the Fayette County Gas company obtains its supply, will begin the operation of a large by-product plant at Downs, Marion county, W. Va., on April 1, upon which a large sum of money has been expended during the past year. The gas to be manufactured will be conveyed through the company's gas pipe lines throughout northern West Virginia and into the Pittsburgh district.

The Hope company owns 500 acres of Upper Freeport coal in that vicinity, which will be utilized in the manufacture of gas.

SPRING BEGINS

Winter Is at An End and Fair Weather is Promised Now.

Today is the first day of spring, and although it seemed for a time this morning as though a shower would usher in the day the sun broke through about noon. The weather man predicted fair weather for the day.

Although today is officially recognized as the first day of spring, the past several days have been so balmy that many gardeners in the city have turned over the earth for their first crop. A heavy demand for onion sets is expected within the next week.

BARNES STILL A MARVEL

War Veteran Walks from Uniontown to Cumberland in a Day.

S. Gilbert Barnes, better known as Soldier Barnes, member of the Seventh Cavalry of the Civil War, who is hiking from Pittsburgh to Camp Lee, covered the 63 miles between Uniontown and Cumberland Tuesday between 9 o'clock in the morning and early night, according to a story from Cumberland.

Barnes is 72 years old and is the undisputed long distance hiker of the country. He seems to be nearly equal to the days of old when he made records.

FOOD PRICES DROP

Butter is Down Four Cents a Pound From Figure of Week Ago.

Prices on some foodstuffs are dropping. Butter has declined four cents a pound in the past week. Onions are being offered in the city as low as two and a half cents a pound. Potatoes are quoted from 30 to 40 cents a peck. Milk has dropped slightly.

MASSACRES ON LARGE SCALE BY TURKS IS NOW CORROBORATED

Reliable Reports Reach Switzerland From 15 Points of View of New Atrocities.

By Associated Press. BERNE, SWITZERLAND, Saturday, March 16.—Reports received here from 15 points in Asiatic Turkey by William N. Chambers, representative of the American committee for Armenian and Syrian relief, corroborates recent advice respecting new massacres on a large scale by the Turks.

"From reliable sources I understand that the situation in the district being occupied by the Turks is terrible," said Mr. Chambers today. "On the pretext that Armenian hands are at work the Turks are carrying out general and bloody reprisals. There is serious apprehension that similar atrocities are being begun in the Caucasus."

DUTCH SHIPS SEIZED

United States Takes Them Over, Holland Refusing to Face German Threats.

By Associated Press. WASHINGTON, March 21.—Under the pressure of German threats Holland has finally and definitely refused to put into effect her voluntary agreement for restoring her merchant marine to normal activity. Having extended the time 48 hours beyond the limit set in his formal notice for answer to the demands of the United States, President Wilson last night issued a proclamation making over all Dutch ships in American waters. At the same time Great Britain was taking over Dutch vessels in British ports.

A total of 77 ships of probably 600,000 tons were added to the American merchant marine by the requisitioning. Another 400,000 tons are put into Allied service by Great Britain's action. Most of them will be used in the food-carrying trade between the United States and Europe.

EXTINGUISH FIRE

Scouts Beat Out Flames in East Park Addition; Forty on Job.

A bad brush fire, burning in the East Park Addition was extinguished by Boy Scouts yesterday afternoon. The boys were in charge of Scout Commissioner A. O. Stone and worked for several hours with the flames. About 45 scouts made up the fire fighting squad.

The fire had spread through the Chestnut Hill cemetery and was burning towards the woods back of Wills Road. It was extinguished just as it reached the edge of the heavy timber. Much ground was covered by the flames, which spread rapidly through the dry brush.

ARMY HEALTH GOOD

Higher Sick and Death Rate in National Army Than National Guard.

WASHINGTON, March 21.—The army health report for the last week made public today shows that the health of the troops generally is good. A higher sick and death rate prevailed in the National Army than in National Guard camps. This was due, the report says, to the recent arrival at the camps of large numbers of drafted men.

Total deaths for the week in all camps were 180 against 156 the week before.

RIGHT TO CONFISCATE

Private Property of Every Kind to Be Confiscated on the President.

By Associated Press. WASHINGTON, March 21.—Under a bill sent to the Senate Military Committee yesterday by acting Secretary of War Crowell, the President would be empowered during the war to take over private property of any kind, personal or real estate, with compensation for the owner, whenever deemed necessary for the national security or conduct of the government.

Well Known Man Kicked By Horse at Camp Sherman

BLOW STRIKES HIS HEAD

Lingers Near Death for Four Days, End Coming Tuesday.

WAS IN THE ARTILLERY

While Employed at Woodlawn Was Drafted and Sent to Ohio Cantonment; Body is Brought to This City for Interment; Funeral Saturday.

The first Connellsville boy has given his life in the war with the Huns. While working about his horse at Camp Sherman at Chillicothe, Ohio, last Friday night Joseph Cuneo, 39 years old a member of Battery B, 323rd Light Field Artillery was kicked behind the ear by the horse and fatally injured. He died Tuesday night at 9 o'clock.

The body arrived in Connellsville this morning on Baltimore & Ohio train No. 42 and was removed to the funeral parlors of J. L. Stader and later taken to the home of Mrs. Anthony Gargelli, an aunt in East Crawford avenue.

The young man went to Camp Sherman in December, 1917, accompanying draftees from Woodlawn, Pa., where he was working. He was assigned to the field artillery.

Cuneo's father, Charles Cuneo, received a telegram last week telling of the accident and immediately went to the camp. At that time the soldier seemed to be improving and his father returned to the city. Another telegram came however, saying that his condition had become worse and the father immediately returned to the camp. He was at his son's bedside when death came Tuesday night at 9 o'clock.

Decayed was well known in this city having lived here practically all his life. He was born in Bellefonte. He had been employed here until last summer when he went to Woodlawn. He was engaged to be married next month to Miss Lena Musant, of New York City.

Joseph Cuneo was the last surviving son of Charles Cuneo. A brother, Lawrence died only seven months ago. Eight other children are also deceased.

Three cousins of Joseph Cuneo are in the service of the United States, John Cuneo being at Camp Hancock, Ga., and Frank Cuneo, "somewhere in France." Both are from this city. Second Lieutenant John DeFerie of Tyrone is located in a Tennessee camp.

The body was accompanied here from Camp Sherman by the father and Corporal Thomas Reese, also of Battery B.

The funeral services will be held Saturday morning from the St. Rita Italian Catholic church on the West Side at 10 o'clock. Interment will be made in St. Joseph's cemetery.

In addition to his father deceased is survived by a step-mother, Mrs. Rose Cuneo and several aunts and uncles as follows: Mr. and Mrs. Louis Cuneo; Mr. and Mrs. Frank Cuneo; and Mrs. Albert Cuneo.

COMPANY REORGANIZES

Some Changes Made in Personnel of Crawford Avenue Firm.

The Horner company announces the reorganization of the company by the election of the following officers: E. W. Horner, president and manager; F. William Pack of Philadelphia, secretary, succeeding E. J. Horner, now at Camp Hancock, with the 110th Regiment, U. S. Infantry; C. L. Horner, treasurer, succeeding F. D. Munson, now in the ordnance department stationed at Washington, D. C.

The company has recently established new connections and will handle several important lines of merchandise not heretofore represented in this city. A more aggressive policy will be adopted and the business will be materially enlarged. The store has just been completely renovated and presents a bright and attractive appearance.

Charles E. Thomas, of Scottsdale, late of the Headquarters company of the 110th Infantry at Camp Hancock, has been added to the force of salesmen.

NO CAMP LEE MEN

Will Participate in Liberty Loan Parade in Pittsburgh April 6.

Director General of Railroads McAdoo has decided that on account of the railroad congestion in the Pittsburgh district it will be impossible to permit a detachment of soldiers from Camp Lee to participate in the demonstration to be given in Pittsburgh on April 6, the day upon which the third Liberty Loan campaign will be inaugurated.

Whether this decision will also prevent men coming home on furlough before embarking for overseas duty has not been stated.

SOCIAL PERSONAL

The Pi Eta Phi society is holding an informal dance at the Colonial Inn tonight. Invitations for the affair went out last week. Many of the younger social set attended the dance.

Mrs. Rev. G. L. C. Richardson will keep open house to the Methodist Episcopal women of Conneltsville Friday afternoon from 2:30 to 5:00. Every Methodist woman whether she has transferred her membership or not is invited to attend. The women are asked to bring their knitting, sewing, "handwork" or anything else they may wish to work at for the afternoon. A program will be rendered and light refreshments will be served. A silver offering for the new church project will be taken.

A very interesting meeting of the Woman's Benefit Association of the Macabees was held Tuesday evening in Macabees hall. During the summer months the meetings will be open at 8 o'clock. Thursday evening a special meeting will be held at the home of Mrs. Gallagher, 306 North alley. All members are requested to be present to plan for a patriotic drive to secure every member to join the W. B. A. patriotic service. This fund is to help wives and mothers of our boys who owing to the war are not prospering; also to aid our boys when they come home and need our help.

Mrs. J. W. Maclean was hostess at a sewing party and dinner yesterday afternoon and last evening at her home in Isabella Road given in honor of Mrs. Mary McClean, of Toronto, Canada, who is the guest of her brother, J. W. Ralston, of North Pittsburg street. Covers were laid for 14. Decorations were in swags. Among the guests were Miss Ella Skiff, of Yonkers who is spending a few weeks with Conneltsville and Uniontown friends.

At a meeting yesterday the W. C. T. U. voted to use \$20 of its funds for the fight for adoption of the prohibition constitutional amendment, and \$20 for comfort bags for the men in the service.

Three new members were received into the Woman's Guild of Trinity Episcopal church at a meeting yesterday afternoon at the home of Mrs. Charles Welsgerber, Vine street, at which 17 of the guild were in attendance. The new members are Mrs. Phillips, Mrs. Miller and Mrs. Harland. The next meeting will be held at the home of Mrs. McElhenny at South Conneltsville.

Rev. I. E. Runk, pastor of the United Brethren church at Scottdale, will address the Christian Culture class of the United Presbyterian church at a supper this evening at 8 o'clock at the church.

COAL AGENT BUSY

Takes Up 2,000 Acres in Indian Creek Valley During Winter.

J. P. Hellein, the local field agent for the Indian Creek Coal & Coke company, back of which are the McKays, Pittsburg bankers, and D. H. Zimmerman, Somerset capitalist, is still busy closing up the options he holds on Donegal township coal lands. During the past week deeds were taken over for the John, Levan and Philip Kalp, William Spe, Jerro Barnhart and J. P. Hellein farms, aggregating some 700 acres which, added to the tracts bought during the winter, run the total bought to date over 2,000 acres. Mr. Hellein also holds options on some 1,200 additional acres that will be purchased as soon as the surveys can be made and the deeds executed. The ruling price is \$35 per acre.

The entire field will be operated from the Henry and Miles Rideout farms on Indian Creek near Champion where three slope openings have been made and where the new mining town of Melcroft is being built. Work is already well under way on the erection of 200 houses for the miners that will eventually be employed there in addition to the structures needed for the machinery and the like.

Rev. Max C. Wiant formerly of Conneltsville, has accepted a call to the pastorate of the First Baptist church of Reading. Of his resignation from the First Baptist church of Scranton the Scranton Republican says: "Energetic, faithful, successful pastors like Rev. Max C. Wiant, of the North Main avenue Baptist church are needed in Scranton, therefore his friends will regret to learn that he has accepted a call to the First Baptist church at Reading, where he will go on April 7. His resignation was presented to his Scranton congregation on Sunday. Rev. Mr. Wiant has been at the Scranton church for five years, during which the membership has increased 350. In that time the sum of \$20,000 has been raised for various purposes. During his stay here he served as secretary of the Scranton Ministerial Association for two years. He is now chairman of the committee on evangelism. He had also served as moderator of the Abington Baptist Association. However, he feels that he has been called to a wider field of usefulness as the Reading church has a membership of 800, and its services are attended by very large congregations."

FIVE HUNDRED IS GOAL

Methodist Sunday School is Nearing That Mark, Statement Says.

The Sunday school at the Methodist Episcopal church is climbing. Last Sunday it reached 430, with a collection of \$13.90. An effort is being made to bring it up to an average of 500, and on rally day, which is April 7th, the day revival meetings begin it is planned to bring out the entire enrollment of over 600. Dr. Westfall, who will be the evangelist in the revival meetings, will address the school on rally day morning.

On Sunday, March 31, Dr. Horace B. Haskell, president of Beaver College, will be with the Methodists all day. He will preach the missionary-educational sermon at 11 A. M., and address a mass meeting of all the churches at 3 p. m. He will also address the Conneltsville high school on Monday morning at chapel.

LAST NUMBER TOMORROW

Chancellor Bradford, Lecturer, Will Complete Entertainment Course.

The last number of the high school lecture course will be given tomorrow night at the school auditorium when Chancellor George H. Bradford, a well known lecturer of the Redpath Bureau will make an address. One of the best attendances of the year is expected at tomorrow night's lecture.

Chancellor Bradford has taken a broad view of the problem of education and he knows much about how to get the most out of the present condition of affairs. He has toured the United States widely, lecturing in 24 states last year. Chancellor Bradford has a magnificent appearance and his personality wins for him much attention.

CONNELLSVILLE PEOPLE

SHOULD EAT PIE DAILY
Pie is wholesome, combining both fruit and grain. Those who have trouble digesting pie should take ONE SPOONFUL simple buckwheat bark, glycerine, etc., as mixed in Adler-Lika. This flushes the ENTIRE bowel tract, removes foul matter which poisons your stomach for months and relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. Leaves stomach in condition to digest ANYTHING. A. A. Clark.—Adv.

Goes to Visit Husband.
Mrs. William Fuoss left this morning for Camp Hancock to join her husband, Corporal Fuoss of Company E, 119th Regiment. Mrs. Fuoss is a daughter of Mr. and Mrs. J. W. Dodson of Poplar Grove.

Two Games Tonight.
The girls' inter-class basketball teams of the high school will play tonight at the gym. The Freshman and Sophomores will play the first game and the Juniors and Seniors will stage a contest immediately afterward.

Two Prisoners Sentenced.
Two prisoners were sentenced to 48 hours each in the locking this morning.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

The Grim Reaper

MRS. MARY SELLERS.

Following a stroke on Tuesday noon from which she never regained consciousness, Mrs. Mary Sellers, 64 years old, wife of George W. Sellers, died this morning at 2 o'clock. The funeral will be held from the home of a sister, Mrs. J. K. Yohe on South Prospect street, Saturday afternoon at 2 o'clock with Rev. E. B. Burgess of the Trinity Lutheran church officiating. Interment will be made in the Hill Grove cemetery. Mrs. Sellers had been a resident of this city for about 20 years and was widely known. She was a daughter of Daniel and Margaret Coughenour. In addition to her husband she is survived by a son, William Sellers. A brother, Alex Coughenour of Monessen, and three sisters also survive. The sisters are Mrs. Pauline Mercer of Rochester, Pa.; Mrs. S. D. Woods and Mrs. J. K. Yohe of this city.

MRS. VICTORIA B. MAY.

Largely attended funeral services for Mrs. Victoria Baisley May were conducted yesterday afternoon at 2 o'clock at the home of her father, J. R. Baisley, in First street, West Side. Rev. G. W. Buckner, pastor of the Christian church, delivered the address of the occasion. Interment was made in Chestnut Hill cemetery with C. A. Wagner, Charles L. Work, James C. Long and James J. Driscoll acting as pallbearers. Among those attending the funeral were W. L. Luce, Judson Luce and Mrs. Ole Gribben, Monessen; Mrs. Cora Stallenberger, Pittsburg; Mr. Welmer, West Newton; Edgar Francis, Perryopolis; George Baisley and Lee Smith, Uniontown, and I. F. Baisley, Philadelphia.

MRS. G. E. ALBRECHT.

Funeral services for Mrs. Lulu Bell Albrecht, wife of G. E. Albrecht were held from her late residence this morning at 10:30 o'clock, with Rev. J. L. Proudfit of the Presbyterian church officiating. After the services the body was taken to Monongahela City by automobile for burial there.

PREPARATIONS ARE COMPLETE FOR THE FARMERS' BANQUET

At Least 300 Persons Are Expected to Attend the Dinner at Masonic Temple Tomorrow.

Preparations for the banquet to the farmers of the community by the people of the city of Conneltsville to be given tomorrow at noon in the Masonic Temple are completed. It is expected that at least 300 persons will be present at the dinner. Invitations have been sent to the farmers requesting their presence, and if any have been missed they are requested to be present.

After the dinner curb markets and the farm labor question will be discussed. The farmer's cooperation will be asked and in turn the citizens of this city will back him up when he needs help. An organization among the men of the city who are willing to help the farmers in a time when they are short of labor.

PAJAMAS CALLED FOR.

102 Pairs Wanted by End of Week; Red Cross to Make Them.

A Conserving Food

The recognized value of

Grape-Nuts

as a "serving" food for these serious times, rests upon real merit.

Unlike the ordinary cereal Grape-Nuts requires no sugar, little milk or cream, and requires no cooking or other preparation in serving.

A trial is well worth while for those who sincerely desire to save.

PLAYGROUNDS FUND NEEDED

**Women Ready to go Ahead with Move-

SCOTSDALE, March 21.—On Tues-
day afternoon Glenn Dale who works
at the Atlas Powder company's cap
factory near West Overton was badly
burned when some powder that was
being used to make caps exploded. For
a short time he was unconscious. Dr.
Gilbert dressed the burns on his hands
which were the most severe. Some
small particles of copper lodged in his
side and had to be picked out. Dale
seems unable to tell just what caused
the explosion or how it happened. It
came with such force and so quickly.
He was resting easier yesterday.

Playgrounds Uncertain.
Mrs. C. Lee Melling, Mrs. J. P. K.
Miller, Mrs. J. R. Campbell and Mrs.
Jarrett, the committee of the Civic
club to arrange for a playground held
a meeting and decided that although
the town did need a playground it did
not know whether there would be pub-
lic support of the movement and that
funds were a necessity. The ladies
have understood that the council and
school board could use a part of its
money for playground work and it
will be asked to do this. The mills
and shops are very willing to do their
part. Persons have told the ladies
that the thought first, the boy scout
movement should be a success and
when this was discussed with the
leader it was learned that the scouts
lacked leadership and that the call for
leaders had not been responded to by
the men.

KIDNEY SUFFERERS HAVE FEELING OF SECURITY

You naturally feel secure when you
know that the medicine you are about
to take is absolutely pure and con-
tains no harmful or habit producing
drugs.

Such a medicine is Dr. Kilmer's
Swamp-Root, kidney, liver and blad-
der remedy.

The same standard of purity,
strength and excellence is maintained
in every bottle of Swamp-Root.

Swamp-Root is scientifically com-
pounded from vegetable herbs.

It is not a stimulant and is taken
in teaspoonful doses.

It is not recommended for every-
thing.

According to verified testimony it is
nature's great helper in relieving and
overcoming kidney, liver and bladder
troubles.

A sworn statement of purity is with
every bottle of Dr. Kilmer's Swamp-
Root.

If you need a medicine, you should
have the best.

If you are already convinced that
Swamp-Root is what you need, you will
find it on sale at all drug stores in
bottles of two sizes, medium and large.

However, if you wish first to try
this great preparation send ten cents
to Dr. Kilmer & Co., Binghamton, N.
Y., for a sample bottle. When writing
be sure and mention the Connells-
ville Daily Courier.—Adv.

A Stubbish Cough Loosens Right Up

This home-made remedy is a wonder
for quick results. Easily and
cheaply made.

The prompt and positive action of this
simple, inexpensive home-made remedy
in quickly healing the inflamed or swollen
membranes of the throat, chest or bron-
chial tubes and breaking up light
coughs, has caused it to be used in more
homes than any other cough remedy.
Under its healing, soothing influence,
chest soreness goes, phlegm loosens,
breathing becomes easier, tickling in
throat stops and you get a good night's
restful sleep. The usual throat and
chest colds are conquered by it in 24
hours or less. Nothing better for bron-
chitis, hoarseness, croup, whooping
cough, bronchial asthma or winter
cough.

To make this splendid cough syrup,
pour 2 1/2 ounces of Pinex (50 cents
worth), into a pint bottle and fill the
bottle with plain granulated sugar syrup
and shake. You then have a much
better cough syrup than you could buy
ready-made for \$2.50. Keeps perfectly
and children love its pleasant taste.

Pinex is a special and highly con-
centrated compound of genuine Norway
pine extract, and is known the world
over for its promptness, ease and cer-
tainly in overcoming stubborn coughs
and chest colds.

To avoid disappointment ask your
druggist for "2 1/2 ounces of Pinex" with
full directions, and don't accept any-
thing else. Guaranteed to give absolute
satisfaction or money promptly refunded.

—A— Reorganized Business

We announce the completion of the reorganization plans of
this company.

What this means in the improved service this store will offer
its patrons is outlined in the following statement.

Abnormal conditions in every line of business make imperative
the duty of every merchant to inaugurate changes to meet the chang-
ed conditions. Costs are rising. Expenses are increasing. Standard
merchandise is scarce and difficult to secure.

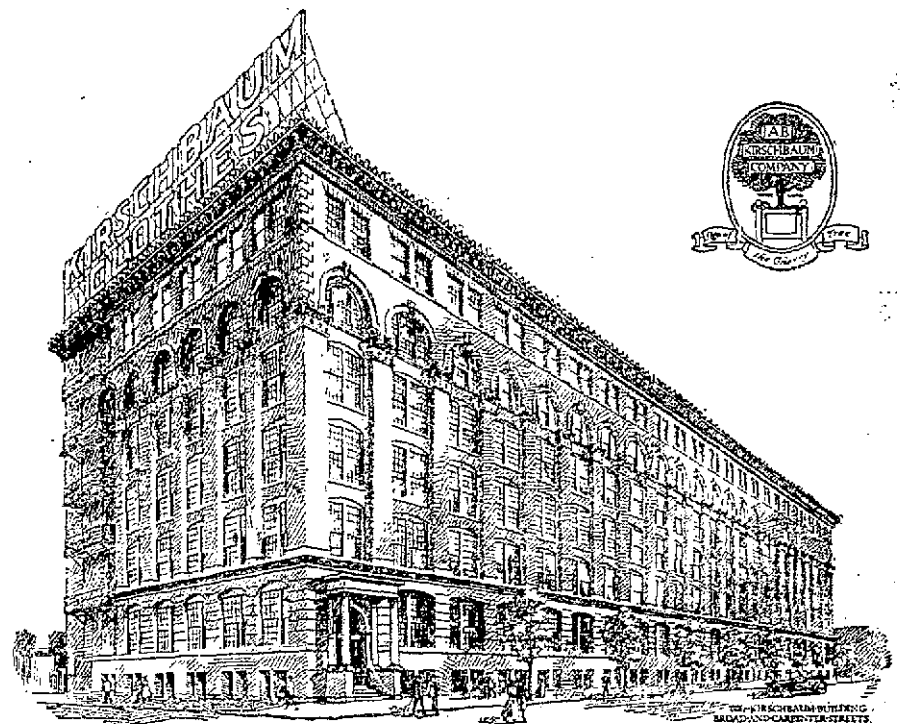

To serve its patrons well and at reasonable prices this store has
established close connections with several manufacturers and whole-
salers of long established reputation for merchandise of a high stand-
ard and on whom reliance can be placed for an ample supply of Men's
and Boys' wearables at the most reasonable prices.

How well we have succeeded is apparent to every one who will
take the time to look over our new lines of Men's and Boys' Clothing,
Hats, Shirts, Neckwear, Shoes, Hosiery, Underwear, and in fact every
article of wearing apparel for Men and Boys.

Most important to the Men of Connells-ville of the many lines
of merchandise sold exclusively by this store is our announcement of
the close connection established with the house of A. B. Kirchbaum
Co. of Philadelphia, makers of all wool clothes only for Men and
Young Men.

Many men in this city are well acquainted with the excellent
quality, style and fit of Kirchbaum Clothes. Many more men are go-
ing to become acquainted with this celebrated line of clothing this
spring for the reason they are represented by double the quantity we
have been showing in any one season.

Here are a few facts concerning

The Home of Kirschbaum Clothes

Located on Broad street, occupying the square between Car-
penter and Washington streets.

The largest plant in the world under one roof devoted exclu-
sively to the making of Men's Clothes.

In this building occupying a full city block there is sunlight,
sanitation, cheerfulness everywhere.

This Tailoring Institution possesses every modern device and
equipment, and has the men and the methods to maintain its suprem-
acy as a producer of Clothes of the Highest Standard for Men and
Young Men.

Kirschbaum Clothes at \$18, \$20, \$25 up to \$40

To further facilitate the proper handling of our business we an-
nounce the adoption of a new policy with regard to the extension of
credit.

We propose to eliminate all slow and unsatisfactory accounts.
To encourage credit accounts with persons who meet their ob-
ligations with promptness.

To offer unusual values to induce cash purchases.

We ask the co-operation of our patrons in these measures de-
signed to benefit mutually those whose purchases are made here as
well as ourselves.

An early visit to this front rank Men's Wear store is cordially
invited. Make your selections early in the season while stocks are
most complete and sizes unbroken.

YOUR BEST VACATION.

The business, professional and shop
men of Conneltsville can have the
best vacation during the coming sum-
mer they have ever had. The best
when the physical benefits they may
derive therefrom are considered, and
the best because of the benefits that
will be conferred upon others, the
community and the nation.

By joining the farm labor volun-
teers, and giving their time for a cer-
tain period or number of days during
the planting and harvesting seasons,
the men of the city will supply a very
urgent need and perform a patriotic
service while enjoying a season of re-
creation that will be of equal if not
greater advantage to their bodily
health than a vacation spent in the
usual more or less aimless fashion.
In fact, when the peril of the food situ-
ation is seriously considered, taking
a vacation in the sense the term usually
implies, while there remains the un-
satisfied demand for labor, to help
grow and harvest food crops, ought to
be looked upon as an unpatriotic thing
to do.

Rest is best obtained through a
change of occupation, environment
and scene. Several days or weeks
spent on a farm in active labor in in-
creasing food production will provide
all the requisites of a rest from the
anxieties, worries and grind of the
office or shop together with the stimu-
lus of taking part in an activity that
will have much to do with winning the
war. Such an experience should en-
able the average town man, whether
he has had previous farm experience
or not, to return to his customary
work or business with renewed energy
and the consciousness of having done
something worthwhile meanwhile.

But best of all, and aside from all
vacation aspects, an experience of this
kind will be rendering very important
and necessary service. Without help
the farmers of this section will not be
able to increase the production of
foodstuffs this year. Farm labor is
unobtainable from the ordinary
sources of supply, hence the only al-
ternative the farmer has is to limit
his crops to family requirements in
case he cannot be assured of labor to
enable him to handle plantings that
will provide a surplus for market.

A systematic effort in the direction
of enlisting volunteers for this work
among the men in Conneltsville has
already been undertaken and with very
encouraging results. The success of
the plan will depend very much upon
the number of men enlisting as
volunteers and also upon the will-
ingness of the farmers to avail them-
selves of the opportunity, as they no
doubt will readily do when dinner
guests of the business men of the city,
the Committee of Public Safety and the
Fayette County Farm Bureau to-
morrow afternoon.

NO MOTHER NEED WORRY.

"No mother need worry about her
son in camp," is the testimonial Street
Commissioner William McCormick
gives as to the satisfactory character
of the conditions under which the
young men of this and other sections
are learning to be soldiers at Camp
Lee. It is such a testimonial as many
other parents who have visited a cam-
pament are willing to give, and such
as would be offered by still other par-
ents if they had the same opportunity.
The extraordinary care and atten-
tion given to the health, comfort and
wellbeing of the boys excites the ad-
miration of every person who has
made even a casual inspection of the
camps. Teaching the boys how to
make and to keep themselves fit is the
first consideration of the officers in
command. Those means which have
experience and investigation have dem-
onstrated to be of value in maintain-
ing men in bodily health and vigor
have been reduced to simple systems
which are neither difficult nor impos-
sible to be followed by those who have
passed the physical examinations ad-
mitting them to the service.

The day is divided into a regular
routine of work, recreation and rest.
Nourishing food in ample quantity is
furnished under skilled direction in
its preparation. Suitable clothing and
every physical need is fully provided.
The drills and camp duties call for
much work and for hard work, but be-
ing fit for both, and made still more
fit by both, the men have an enthu-
siasm and new life for their tasks.
They have forgotten how to grumble
and complain, having learned that the
whisper is not a popular individual

among his more cheerful and willing

comrades.
Through the Y. M. C. A. the Knights
of Columbus and Young Men's Hebrew
Association the leisure hours of the
boys are occupied with wholesome en-
tertainment, instruction and recrea-
tion. So wide is the variety and scope
of the endeavor in behalf of the sol-
diers' physical and moral welfare, and
so efficient are the safeguards thrown
about them without oppressive re-
straint, that there is little incentive
or opportunity to go astray among the
temptations which invariably cluster
around young men when grouped to-
gether beyond the restraining in-
fluences of home.

Surpassing in its importance as an
influence of their daily training is the
spirit which animates the men. As-
sembled from different sections they
have quickly learned to sink all com-
munity prejudices, feeling themselves
to be held together by the stronger
common tie of unity in purpose and
aim—that of the defense of the prin-
ciples which have made our nation great
and which, by being maintained, will
make it still greater. No mother need
worry about a son who has caught this
spirit and is learning to yield himself
to the influences which foster it.

Although the loyal citizens of Win-
consin have saved their state from the
further disgrace of nominating La-
Pollette's pro-German proteges as can-
didate for United States Senator, there
is more than a strong taint of the Hun
clinging to the Badger state as shown
by the casting of 66,000 votes for
Thompson, LaPollette's choice, and
more than 35,000 votes for Victor Ber-
ger, the Socialist under indictment for
violation of the espionage act.

The best and most effective American
propaganda, and probably the cheapest
to exploit, would be to send the lukewarm and indifferent citizen on a visit
to the army camps, there in wit-
ness and to feel the inspiration im-
parted by the sight of thousands of clean
trim, vigorous and fit young Americans
embodying the real national spirit.

After his experience with that Ger-
man shell in such close proximity to
his automobile, Secretary Baker is no
doubt willing to admit that the war is
somewhat less than 2,000 miles away.

The Perry Methodists are setting a
new fashion in honor rolls by paying
belated tribute to the veterans who
have gone on before and whose ser-
vices for their country have been an
inspiration to the boys who will be-
come the veterans of tomorrow.

It is apparently up to the farmers
to volunteer to take the farm-labor
volunteers.

The Huns had better save the rub-
ber they are wasting in making mus-
ketrains. They'll need something
to pull them back to Berlin real
quick after that much-vaunted drive
fails.

There is no limit on height, weight
or age for volunteers in the farm-labor
army.

Rippling Rhymes

THE WAR CRITIC.

I've bungled everything I've tried,
I've shown there's such a word as fail,
and always I have let the hide go with
the horns, the hoofs and tail. I used
to run a mart of (rude) until the sheriff
locked me up and manacled them, and
monomede. I said if I went broke
broke once more, I used to sell hot
dog and wurst, but I couldn't make the
business pay, and once again was I
immersed in seven kinds of connoisseur.
I can't conduct a peanut stand, nor
make the popcorn business do, I am
no good at conducting band, at shearing
swine or baling snow. And having
failed at all I've tried, lost everything
I've struggled for, I feel that I am
washed to show how we should run
the war. All day I sit around and
talk what Hulg and Pershing ought to do,
if they would make the Kaiser yell,
and show him to his proper pew. And
I explain how Danville lost the confi-
dence of men like me, and made the
navy such a front that it has chafed
the deck blue sea. I climb oak bakers'
tormented frame, and from him take a
dozen falls, and show just where he
dozened the game, and gave the foe
eight-day clock, or cut the weeds of
all the loam, but I can stand around
and talk until the ring-tailed cove
come home.

THE SAD TALE OF AN ANGRY

MAN.

Beneath a tree one day I heard
An old man speak an angry word,
The day was fair, the sky was blue,
And I was happy, though and
through,
And as his mutterings caught my ear
Amazed I stopped right there to hear
His imprecations, launched upon
The head of some unlucky one.

You blamed old fool! you'll never
learn
The way your hips and wrists must
be torn.
That head of yours is thick an' dense
An' void of ordinary sense."

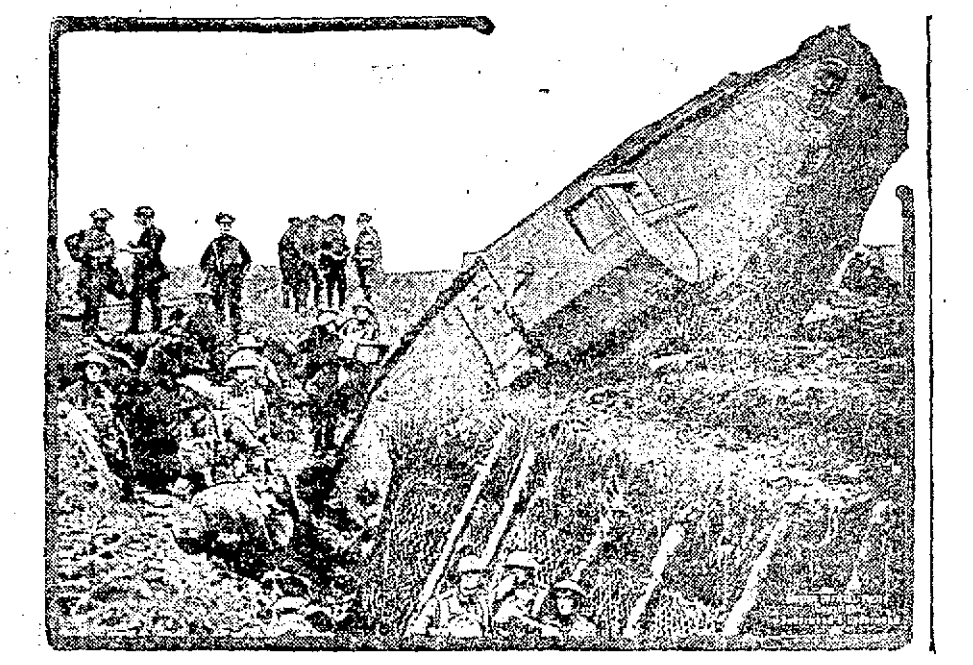

I heard him say: "How many times
Will you commit your blundering
crimes
In spite of all that you've been told?
Your head won't even take a cold."

"You know right well, you ornery
pup!"
You can't succeed by looking up,
Yet day by day an' week by week
The only thing you do is peek.
I've paid for lessons, so that you
Would know the proper thing to do,
And yet by Gosh! the moment that
You're by yourself you fall down flat."

"You've been a trial great to me!
You've filled my life with misery.
You've strewn my path with grief an'
woe.
Four are the biggest curse I know!
I ought, my righteous wrath to vent,
To let you off without a cent.
The Lord must wonder, as I do,
Just why He gave a head to you."

I looked and tried in vain to see
What manner of a man was he
That as deserved another's scorn,
What creature desolate, forlorn,
Was standing there, nor answering
back.
This old man's violent attack,
Yet stranger shock that I have
known, seemed to be along.
"Old man," said I, "my nerve excuse,
But why is it that you abuse?
He turned to me and knew his head,
"Eavedadged," then he sadly said:
"But since you've asked, I make it
I came out here to be alone.
I came out here myself to curse.
My game of golf keeps getting
worse."

BRITISH TANK TEARS THROUGH GERMAN DEFENSES IN ADVANCE

Irresistible in an advance the British tanks break their way through the many obstructions of No Man's Land
right through the German lines, from which the Germans have fled during the preceding bombardment, without
the slightest regard for the numerous enemy tactics to stop them. In this British official photograph, which was
taken during a British advance, this huge British tank has plowed its way through the German first line defenses
and onward to the second line, where it got into trouble and was slowed up temporarily. The tank took ad-
vantage of the predicament of the tank to squeeze in a few bites while the tank extricated itself and then pro-
ceeded onward after the retreating Germans.

We Must Learn
SacrificeBy Alton Ellis, President Ohio Un-
iversity.

The best testimony I can give as to
the duty of our people to make lib-
eral subscriptions to the Liberty Loan
is in the fact that I, personally, have
done this thing. It is due to our gov-
ernment, at this time, that every citi-
zen should be fully awake to the im-
portance of the hour, and willing, just
as far as his resources will permit, to
aid the government in the prosecution
of the war.

An investment in a Liberty Bond is
not a gift to the government, but a
loan to the government by which the
lender will receive a fair rate of in-
terest. By making such investment
he will pay nothing but a just debt to
the patriotic service he owes the country
in which he lives.

This war is to be fought to a finish,
and to bring it to a successful issue
the people of the United States must
be willing to make great sacrifices.
It is no great sacrifice when one in-
vests his money in securities which
produce for him, when so invested, a
reasonable income. The fact is, our
people have not yet begun to under-
stand what the word sacrifice means.

To give a little money, or a little
time, to a worthy cause merits com-
mendation, but much more is that
gift to be commended which brings
with it danger to limb and life.
While our boys on the battlefield are
putting their lives in jeopardy, we, at
home, are doing nothing of any great
moment in giving a little of our sur-
plus money to aid the government in
maintaining its armies in the field and
ultimately securing a peace that will
simply repay all the sacrifice of time,
treasure, and life given to secure it.

EASTER
CLOTHING

Sunday, March 31st is Easter Sunday. The
advanced forecast of the weather is not yet an-
nounced, but here's hoping that it will be fair
and give everybody a chance to display their new
Easter outfits. There is wonderfully attractive
Easter raincoat at all our sixty-three stores;
there is the greatest line of new novelties in
women's, misses' and children's wear that the
market produces, starting with new tailor-made
suits, fine assortment of dresses of all leading ma-
terials, shirt-waists, skirts, and all the other ar-
ticles necessary to make up a real Easter outfit;
handsome lines of novelties; headwear, dresses,
hosiery, ribbons for the younger folks. It is
hard to describe them all and will not attempt
to. The men and boys are being well taken care
of, or at least we are prepared to take good care
of them. All the new staple styles of suits, com-
plete new lines of spring and summer styles in
hats and caps. It would be hard to describe our
wonderful assortment of footwear for men, for
women, for boys, for girls—only want to an-
nounce that the spring styles are all in, they are
handsomer than ever before, prices reasonable
taking everything into consideration. We are
ready to serve you, ready to outfit you com-
plete with Easter clothing and we can save you
money.

Help Win the War!

Every boy and girl wants to buy War Saving Thrift Stamps and not beg for them, THE DAILY COURIER offers a means of getting them in a dignified way with little effort. Here is the plan whereby you can do your "bit" in the war and save money by investing a little of your time in War Saving Thrift Stamps:

The Courier will give a 25-cent stamp to any boy or girl who gets a new customer for The Courier for two months at 50 cents per month, paid in advance. It will give two stamps for every customer who will take The Courier for four months, paying \$2.00 in advance. It will give three stamps for a six-month subscription paying \$3.00 in advance. For every old customer who will pay four months in advance, The Courier will give one stamp.

No subscription will be taken for a longer period than six months and no old customer will be accepted for more than four months paid in advance.

War Saving Stamps are "Baby Bonds." They are the best investment to be found—better than banks. They enable you to put your money in Government securities paying four per cent, compounded quarterly. Back of them is the government of the United States, the strongest in the world. Here is the opportunity for the boys and girls to help win the war and also save for the future.

Call at The Courier office and get instructions and receipt book, or from any Courier Agent.

"BETTER BLIND THAN DEAF"

Scientific Writer Points Out Why the Former Affliction is Less Hard to Bear.

Scientists have shown that sound not only informs the intellect, as does sight, but that, much in excess of that sense, it excites feelings—that is, sound pure and simple has a specific relation to feelings widely different from that of sight.

Its primary effect was the creating of moods, Margaret Bakwin writes in the Atlantic magazine. This being so, the simple fact is that sound has far more to do fundamentally with originating our emotions, or how we feel from day to day, than has what we see.

It should be said in passing, that there is very little recognition of this fact by the person with normal hearing. Sight and sound are so interwoven for him that he does not discriminate as to what belongs intrinsically to each in the province of feelings. It is only when the two are clearly separated, as in deafness or blindness, that experience takes note of what belongs to the one and the other.

A scientific writer points out that we can see with indifference the writhings of a suffering animal that is still, but that, if there are cries of pain, it produces emotions at once. We are distressed. In reports of terrible marine disasters, it is almost never said by people that they can never forget the sights they saw, but always that they can never forget the cries of the drowning.

Although one would hardly hesitate to say that the excess of the blind man's capacity over that of the deaf man is sufficient to overbalance this elemental function of sound to produce moods, yet the universal fact remains that the blind are more cheerful than the deaf.

NOTHING BUT SHEER WISDOM

Possibly Aunt's Idea in Burning Chicken Feathers Was to Destroy Circumstantial Evidence.

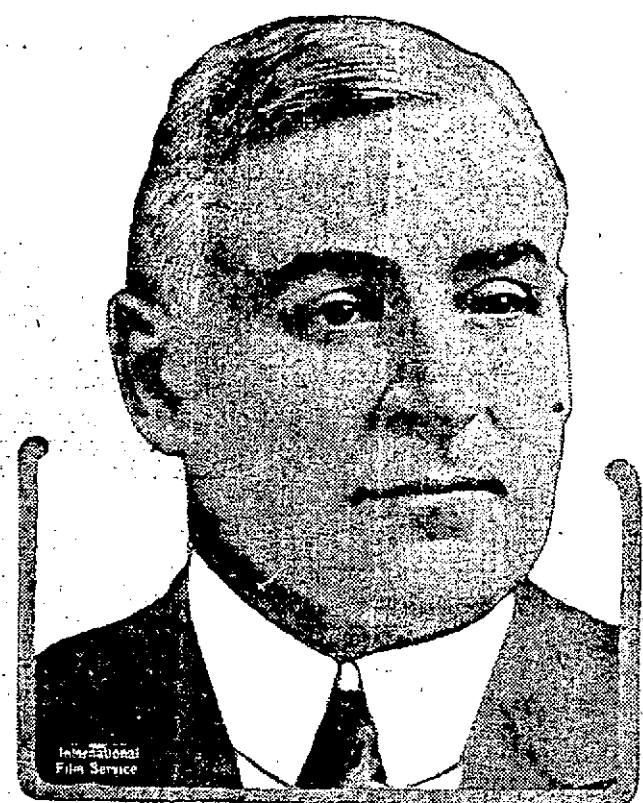

The dainty and winsome heiress of a Kentucky plantation, recently graduated from a fashionable northern university, was describing the morning of the first day of her return to the old homestead, remounting acquaintance with her father's dark retainers "down among the quarters." As she entered one of the cabins she saw old Aunt Martha, born-in-slavery during the life of the young lady's grandfather, bending over a broad log fire, carefully burning, piece by piece, a bunch of chicken feathers.

"Aunt Martha," inquired the young lady, after watching the work of the ex-slave a few moments in silence, "why do you burn those feathers so carefully and systematically? Is it because of some religious idea or a superstition?"

"No Mistress Lucy," came the answer from the deliberate old woman, as she watched the last tattered feather crumple into nothing. "Tain't no religion ar' tain't nothin' t'n do wid no sewp'ishness. It's wisdom. Jes plain, s'ban-out, wisdom."

Chief Executives and the Press. When John Adams became president, in 1797, he was even more severely attacked in the press than Washington had been. But his administration fought the attacks. Armed by the sedition law, which was passed the following year, it sought to annihilate the papers which it could not force to surrender. In the fight, which lasted four years, the people rallied to the support of the papers and defeated Adams in the election of 1800 by putting Thomas Jefferson in the presidential chair.

ONE NEW NATIONAL LEAGUE MANAGER TO MAKE INITIAL BOW THIS SEASON

Seven old managers of National league baseball teams will appear on the field when the season opens in April, Jack Hendricks, pilot of the St. Louis Cardinals, being the only new manager of the league. Hendricks has behind him a highly successful career in the minors. It is a queer kink of fate that he was a member of the New York Giants when McGraw became their manager in 1902, and Hendricks was one of the first players given the "pink slip" by the new Giant pilot. In 18 years he has worked his way back up the ladder to a place beside the man who once declared that he could never become a big league ball player. Christy Mathewson, Fred Mitchell and Hugo Bezdek are almost as new to the game, in major league experience.

KIVAT, STAR RUNNER, IS HIKING FOR UNCLE SAM

A. R. Kivat, the former star middle-distance runner of the Irish-American Athletic club of New York, is now a member of the Fifty-ninth regiment stationed at Fort Hamilton, N. Y.

A Feasibility. Mrs. Hickson—in the old days love letters were written with goose quills. Mr. Hickson—Yes; they were written by many a good man.

ALL-MADE EQUAL BY DEATH

No Democracy Ever Concealed Is at All Comparable to That of the Tomb.

In the democracy of the dead all men at last are equal. There is neither rank nor station nor prerogative in the republic of the grave. At this fatal threshold the philosopher ceases to be wise, and the song of the poet is silent. Dives relinquishes his millions and Lazarus his rags. The poor man is as rich as the richest, and the rich man is as poor as the poorest. The creditor loses his usury and the debtor is acquitted of his obligation. There the proud man surrenders his dignity, the politician his honors, the wordling his pleasure, the invalid needs no physician, and the laborer rests from unrequited toil.

Here, at last, is nature's final decree in equity: The wrongs of time are redressed. Injustice is expiated, the irony of fate is refuted; the unequal distribution of wealth, honor, capacity, pleasure and opportunity which makes life such a cruel and inexplicable tragedy, ceases in the realm of death. The strongest there has no supremacy, and the weakest needs no defense. The mightiest captain succumbs to that invincible adversary who disarms alike the victor and the vanquished—John J. Ingalls.

Probably Not. Wise—This is certainly a good cigar you've given me, old chap. Guy—Great Jumbo! I bet I've gone and given you the wrong one.

HAD THOUGHT FOR OTHERS

Second Traveler Decidedly More Considerate of His Fellow Than Was the First.

At the information booth in a large railroad terminal a traveler asked for a time-table, which he looked through until he came to the particular table he wanted. This table he cut out with his pocketknife, and then he put the booklet with this table now gone out of it back on the counter.

It seemed a thoughtless thing to do because, lying there as it did with its outer cover smooth, somebody might have picked it up and carried it off thinking, naturally enough, that it was complete, to discover its real condition only when it was too late.

But this misfortune really befell no one, for a moment later another traveler standing near, who had seen all this done and who was perhaps more thoughtful than the first, picked up the torn time-table and carried it off to drop it in the nearest waste paper receptacle.

The Magnetic Compass.

Experiments with magnets known to the scientists 2,500 years ago, which, developed by Doctor Gilbert and Peter Perigrinus, led up to the present-day admiralty compass of Keble, were shown recently by Prof. J. A. Fleming, professor of electrical engineering, University of London, at the Royal Institute.

"The earth is a magnet," said the professor, "and every piece of iron that has stood in a vertical position for any length of time is magnetized by the earth. You can try it on your garden railings."

The hostelry sign, "The Goat and Compass," he said, "does not refer to the mariner's friend, but is a contraction of the saying, 'God encompass us,' and the compass takes its name, not from the magnetism which governs its working, but from the circular card which encompasses the needle.

FULL FURNACE OPERATION IS REGARDED AS NOT FAR DISTANT

Heavier Coke Shipments of Past Two Weeks Help the Situation.

QUICKER CAR MOVEMENT

Both of Leads and Expedit, Rather Than More Cars, is Resulting in Better Service Between Ovens and Furnaces, Except in Eastern Territory.

Special to The Weekly Courier.

PITTSBURGH, March 20.—The only strictly new item of importance in the coke market situation is the fact that foundry coke is being offered in considerable quantities although quite irregularly. Producers are unwilling to offer a regular supply for forward delivery, but frequently come into the market with lots of from five to 10 carloads at a time. This coke is usually sold by brokers who charge the consumer the set price and secure a commission from the operator. Although normally there is much more furnace coke than foundry coke in the open market, at the present time there is very little of the former. This does not mean that quite a tonnage does not change hands, but rather that it is not being openly offered. Some operators have open orders for furnace coke, while in addition they can usually overship on their regular contracts for a day or two. The time has not come yet for furnaces in any case to ask for suspension or reduction of shipments as furnaces would not object to accumulating a surplus.

The merchant blast furnaces in the central west have been operating at an average rate of about 80 per cent of capacity in the past fortnight, but with the heavier shipments of the past two weeks there are better receipts this week and the tendency daily is towards heavier production. The time of full operation of the merchant blast furnaces is regarded as not far distant, perhaps only two or three weeks away. Coke interests are remarking that they will probably be treated to the experience they have so often had in the past, of consumers being ravenously hungry for coke and then suddenly insisting that they have plenty.

Some complications are likely to arise over the fact that last week the Fuel Administration requested some additional coal to go to an eastern steel interest engaged in making munitions, while effective at the beginning of this week the Pennsylvania has ordered that shippers do not end more than 50 per cent of their coke loadings east. The same rule applies to coal. The coke operators must be able to carry out either order without much difficulty, but to meet both of them may be rather difficult.

Car distribution was rather irregular last week, and some irregularities are occurring this week also in individual operations not receiving their full quotas under the day's allotments while others received more. These irregularities are made up afterwards as soon as possible but meanwhile operators have quite a time providing the necessary labor. It is found somewhat less difficult than was expected to provide labor for the men as a rule being anxious to work even when the hours are irregular. Last week's car supplies on the Monongahela railroad averaged 46 per cent this average being made up of a very good beginning for the week and a very poor ending. This week promises to show similar irregularities as it opened with the curious condition of supplies being better on Tuesday than Monday, 60 per cent for Monday 80 per cent for Tuesday, and 50 per cent yesterday. Other divisions are showing improvement over last week. In general shippers observe that the better car supplies now being furnished are due to quicker dispatch of cars both loaded and empty rather than to more cars having been put into the service. The recently promised additions of cars released from the eastern blockade are not much in evidence as yet. Reports from the east are that while many cars have been unloaded even the empties are congested and cannot be gotten out except in spots.

While the market is still relatively inactive it is decidedly more open than two or three weeks ago and there is the new feature of there being fair sized offerings of foundry coke though by no means enough to supply the demand. The market remains quotable at the set prices as follows:

Furnace 72 hour selected \$5.00
Foundry 72 hour selected \$7.00
Crushed over 1 inch \$3.20

The local coal market is broader there being fair sized offerings. Sellers have been able to dispose of all the free coal available but it has not been gobbled up with the quickness that characterized the small offerings of a few weeks ago. The large consumers seem to be fully provided with coal in nearly all cases. The latest view of the coming price fixing for coal after March 31 is that there will be no change for the Pittsburgh district, the \$2.45 mine on price being continued. The plan for brokers has been altered. They will be licensed as originally announced but the 15-cent brokerage will be continued in some what different form. According to present expectation it will be requisite for the broker to have a definite order from the consumer, to enable him to buy coal and then charge the 15-cent brokerage. Apart from such transactions, the broker is permitted to buy coal at as much under the set price as he can and sell it at the full set price, but he cannot make this margin and include any brokerage at the same time. The transaction must be solely in one form or the other.

The pig iron market has not become much more active by reason of the increased output, as the additional iron is practically all being absorbed on

COKE TRADE SUMMARY

Certain indications were manifested a fortnight ago that a better coke movement was about to set in but it was not anticipated that the shipments of the week ending March 9 would be held to so closely last week. During the earlier week the gain was due more to the efforts to complete the clean-up of the region than it was to actual improvement in traffic conditions. That last week's tonnage was only \$21 tons less than that of the preceding week was in the nature of an agreeable surprise.

Such improvement as has taken place has been due more to the greater facility with which loads are being moved out of and empties brought into the region than it is to an actual increase in the number of cars. This in turn shows that the obstacle to traffic movement have not been wholly removed rather that they have been pushed farther away from the region. Some inconvenience is being experienced this week through an order directing that P. R. shipments from the Monongahela division and from the Monongahela railroad be diverted west instead of east. This order arises from a blockade of coke along the main line of the P. R., estimated to include several hundred thousand tons. The coke region has this out of its way allowing freer regional movement.

If the increase in coke shipments continue as seems in prospect, the blast furnaces will very shortly be able to go on a full time basis of operation.

contracts deliveries against which were behindhand in nearly all cases. There has been considerable movement in small lots of high silicon iron made in warming up furnaces after banking. Pig iron prices are subject to revision for delivery after March 21, by action of the War Industries Board which is today holding a conference with the iron and steel producers at Washington but the predominant opinion in local circles is that there will be no change from the present set prices which are as follows:

Bessemer Basic \$35.00
No. 2 foundry \$33.00
Malleable \$32.50
Gray forge \$37.00

These prices are for b. furnace, freight from the valleys to Pittsburgh being 55 cents.

NO IMPORTANT CHANGES ARE EXPECTED TO BE MADE IN STEEL PRICES

Extension of Existing Schedules Until End of the Year Is Being Urged by the Producers.

Special to The Weekly Courier.
NEW YORK, March 20.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows:

The War Industries Board and the general steel committee have been in session in Washington today considering the subject of prices to rule after this month. It is improbable that any formal announcement will be made before next week. The balance of probability seems to be quite strong that no important change in prices will be made. It has been regarded as practically settled that there would be no general scaling down and it is thought that upon due consideration it will be held inadvisable to attempt any readjustments. After all the majority opinion is that the prices are about as well related to each other in the general structure as could be expected. The chief uncertainty seems to be as to the period of time for which the prices will be made. The producers are anxious that the extension be to the end of the year. It is pointed out that the fixing of prices for three months at a time thus far has represented simply a convenience in the particular circumstances existing and did not represent the adoption of a settled policy.

Opinion is divided as to whether buyers have been holding off from making purchases on account of the price issue pending but in the highest quarters the opinion expressed is that buyers have not been disposed to wait on this account, as they are protected against reductions in any event. The market is quiet, generally speaking, because buyers already have a great deal of material due them. There is heavy enquiry for a few lines, including oil country goods, small spikes and a few specialties.

Coal is now almost plentiful, and coke supplies are increasing steadily.

PRODUCER STILL OVER.

Of Calm, Even if Land Has Been Sold to Other Parties.

Millions of dollars worth of coal were disposed of by a decision of the Supreme Court in the equity proceedings of W. L. Kramer of Pottsville, against John Slatery, of Port Carbon.

By the decision independent coal companies which years ago deposited coal on lands now owned by big coal corporations still own the coal even though the land on which it rests has changed hands.
